Brad

I am still at the eye doctor. Looks like j won't make the call after all. Thanks for giving me the update this morning.

Agenda:

Opening remarks and introductions (EPA)

EPA's Letter to RPs – Additional Characterization and Calculation Scenarios
Rationale (EPA)

Parties Response and Concerns (Paul Rosasco – EMSI)

- Discussion on client's perspective on decision process for the additional sampling
- Physical site constraints and data collection concerns
- Review of existing site data and aerial photos

Technical Discussion or point by point location (All)

- Flexibility for data point placement or relocation to maintain data integrity
- Addressing site constraints where applicable
- Consideration for placement of data points to resolve WL210 and WL235 (per EPA and MDNR comments)
- Finalize all data points for fieldwork completion (pending RP's acceptance after technical meeting)

Discussion on data collection and deliverables (ORD and Dave K. can drop off at this point)

- Letter addendum for work plan
 - o Letter acknowledging the additional work (concurrent with Phase 1D/work plan/etc.)
 - o Map with approved locations for sampling
 - o Revised fieldwork schedule for completion and defined deliverable date(s)
- Data Deliverable(s)/Reporting – How many reports and breakdown of contents

Meeting Wrap up/Misc.

Looking forward to seeing everyone today. Thanks,

Bradley Vann - Remedial Project Manager
